Web-based project management, Database security, Innovation Development, Cursor Development, Application optimization, User Experience Design (UED), E-Learning, Communication

PROJECTS & Experience

SaveBlood(A Blood Donation Platform)

[Live link](#) | [Client](#) | [Server](#)

- Developed a full-stack blood donation platform connecting donors with recipients for faster emergency blood access.
- Implemented secure authentication and **role-based access control** for donors, volunteers, and admins.
- Built blood request, donor management, and donation tracking features with dynamic real-time data handling.
- Designed a responsive and user-friendly interface with optimized performance for seamless cross-device experience.

IdeaVault(Startup Idea Sharing Platform)

[Live link](#) | [Client](#) | [Server](#)

- Developed a startup idea sharing platform where users can submit, explore, and discuss business ideas.
- Implemented secure authentication, protected routes, and personalized access for safe user experiences.
- Built a comment system enabling users to discuss, give feedback, and collaborate on ideas.
- Designed responsive layouts with optimized UI/UX for smooth performance across all devices.

SkillSphere –(Online Learning Platform)

[Live link](#) | [client](#)

- Built an online learning platform allowing students to browse and explore educational courses easily.
- Developed dynamic course details pages with structured content for better learning information.
- Implemented responsive design and reusable UI components for improved cross-device usability.
- Optimized frontend performance and navigation for faster rendering and smoother user experience.

KeenKeeper–(Keep your friend Alive)

[Live link](#) | [client](#)

- Developed a friendship management web app to help users track friend interactions efficiently.
- Built dynamic friend cards with status-based UI for better interaction visualization.
- Implemented Call, Text, and Video tracking to monitor communication history effectively.
- Added activity timelines, toast notifications, and filtering for organized interaction management.
- Created timeline filtering for interaction activity management.

EDUCATION

Higher Secondary School Certificate (HSC Final Year)
Tista Degree College
2024 – Present

LANGUAGES:

Languages: Bangla – Native; English – Professional working proficiency, comfortable with technical documentation, email communication, standups, and interview practice.
